

why buy green at Summerwalk Village?

learn what current homeowners have to say...

Pageantry Homes is going green...

Building GREEN is just one of the ways Pageantry Homes can offer immediate and long term savings through careful planning, building techniques and passion to keep your family safe and healthy.

Visit Summerwalk Village in Lacey to learn more about BUILT GREEN today.

- 1 "At the close of everyday, I turn into the entrance of our neighborhood and I am reminded why we chose to make Summerwalk Village our home. It is in the subtleness of the soft glow of light from the elegant street lamps, the variety of details present in each house front, the rooflines, the trim, the rock."
- Corrie Tienhaara
- 2 "The way I see it...it is very easy to SAY you are doing something good for the environment and very difficult to actually DO it."
- Art Newsome
- 3 "Buying a Built Green home today will help insure that we can come home tomorrow..."
- Justin and Margaret Crowley
- 4 "I guess the end questions we each have to ask ourselves, is: "What do we want to leave to our children?" In today's world we acquire many possessions that don't make us happy, but by saving our health, and resources in living "green" we accomplish something to be proud of. The treasure box we then leave our children will be safer environments, healthier living, and resources to enjoy."
- Katherine Kaimmer
- 5 "We are proud to call Summerwalk Village home! Thank you Pageantry Homes for making our family's dream a reality!"
- Stephen and Hao Nguyen
